Dear Myra,

Thank-you very much for the generous contribution from the Canadian Progress Club, Calgary Wild Rose. The support of your club is a demonstration of the generosity of spirit that can and does exist in our community. I believe that the vision of the club, which is to inspire positive change in the lives of individuals within the community, and the issues that the YWCA of Calgary addresses are well aligned.

In Calgary the YWCA addresses issues of safety from violence, poverty, homelessness and economic well-being. The YWCA provides renewed optimism for women and their families and a chance to regain their pride and dignity. Our Shelter, the YWCA Sheriff King Home and our social housing through Mary Dover house offer safety from violence. The Employment and Education programs promote economic well-being and help to break the cycle of poverty. Together with Fitness on 5th we offer a holistic approach to healing the body, mind and spirit.

As such, I am writing to inquire how your club can participate in the YWCA of Calgary in more involved way i.e. helping out at events. I would be honored to take the group for a tour of our facility so that everyone can get to know the work that we do.

In addition, I understand that the Women's Health Centre is the main charity of choice for your club but I was wondering if there may be a possibility of establishing a stronger monetary link between Calgary Wild Rose and us.

Again, I want to say thank-you to everyone in the club for appreciating the work that we do and I look forward to developing the relationship between both organizations.

Your truly,
