Dear Ms. Stunzi,

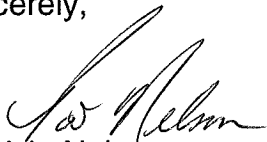

We are delighted to share with you the results of your gift to the High Risk Breast Cancer Clinic Pilot Project. The enclosed Gift at Work report discusses the achievements of the Clinic since its launch in February 2008.

Your contribution is helping both men and women who are at a greater risk of developing cancer. Greater risk often means difficult choices must be made when breast cancer or ovarian cancer is a possibility because of genetics or family history. Your support has helped provide the resources the Clinic needs to offer counselling, medical advice and greater peace of mind.

We hope you will enjoy reading the report and feel personal pride in how your investment has helped support health care in our community. Thank you for enhancing the lives of fellow Albertans and Canadians.

To learn more about this project or to inquire on other health and wellness programs we support, I invite you to contact me directly at 403-943-0694 or by e-mail at stewardship@thetrust.ca.

Sincerely,

Patricia Nelson
Chief Executive Officer
